

Formal Consultation Document

Proposal to Increase Ysgol Plas Brondyffryn's Capacity from 116 to 220

Children and Young People's Version

Who are we?

Denbighshire County Council are responsible for schools in Denbighshire.

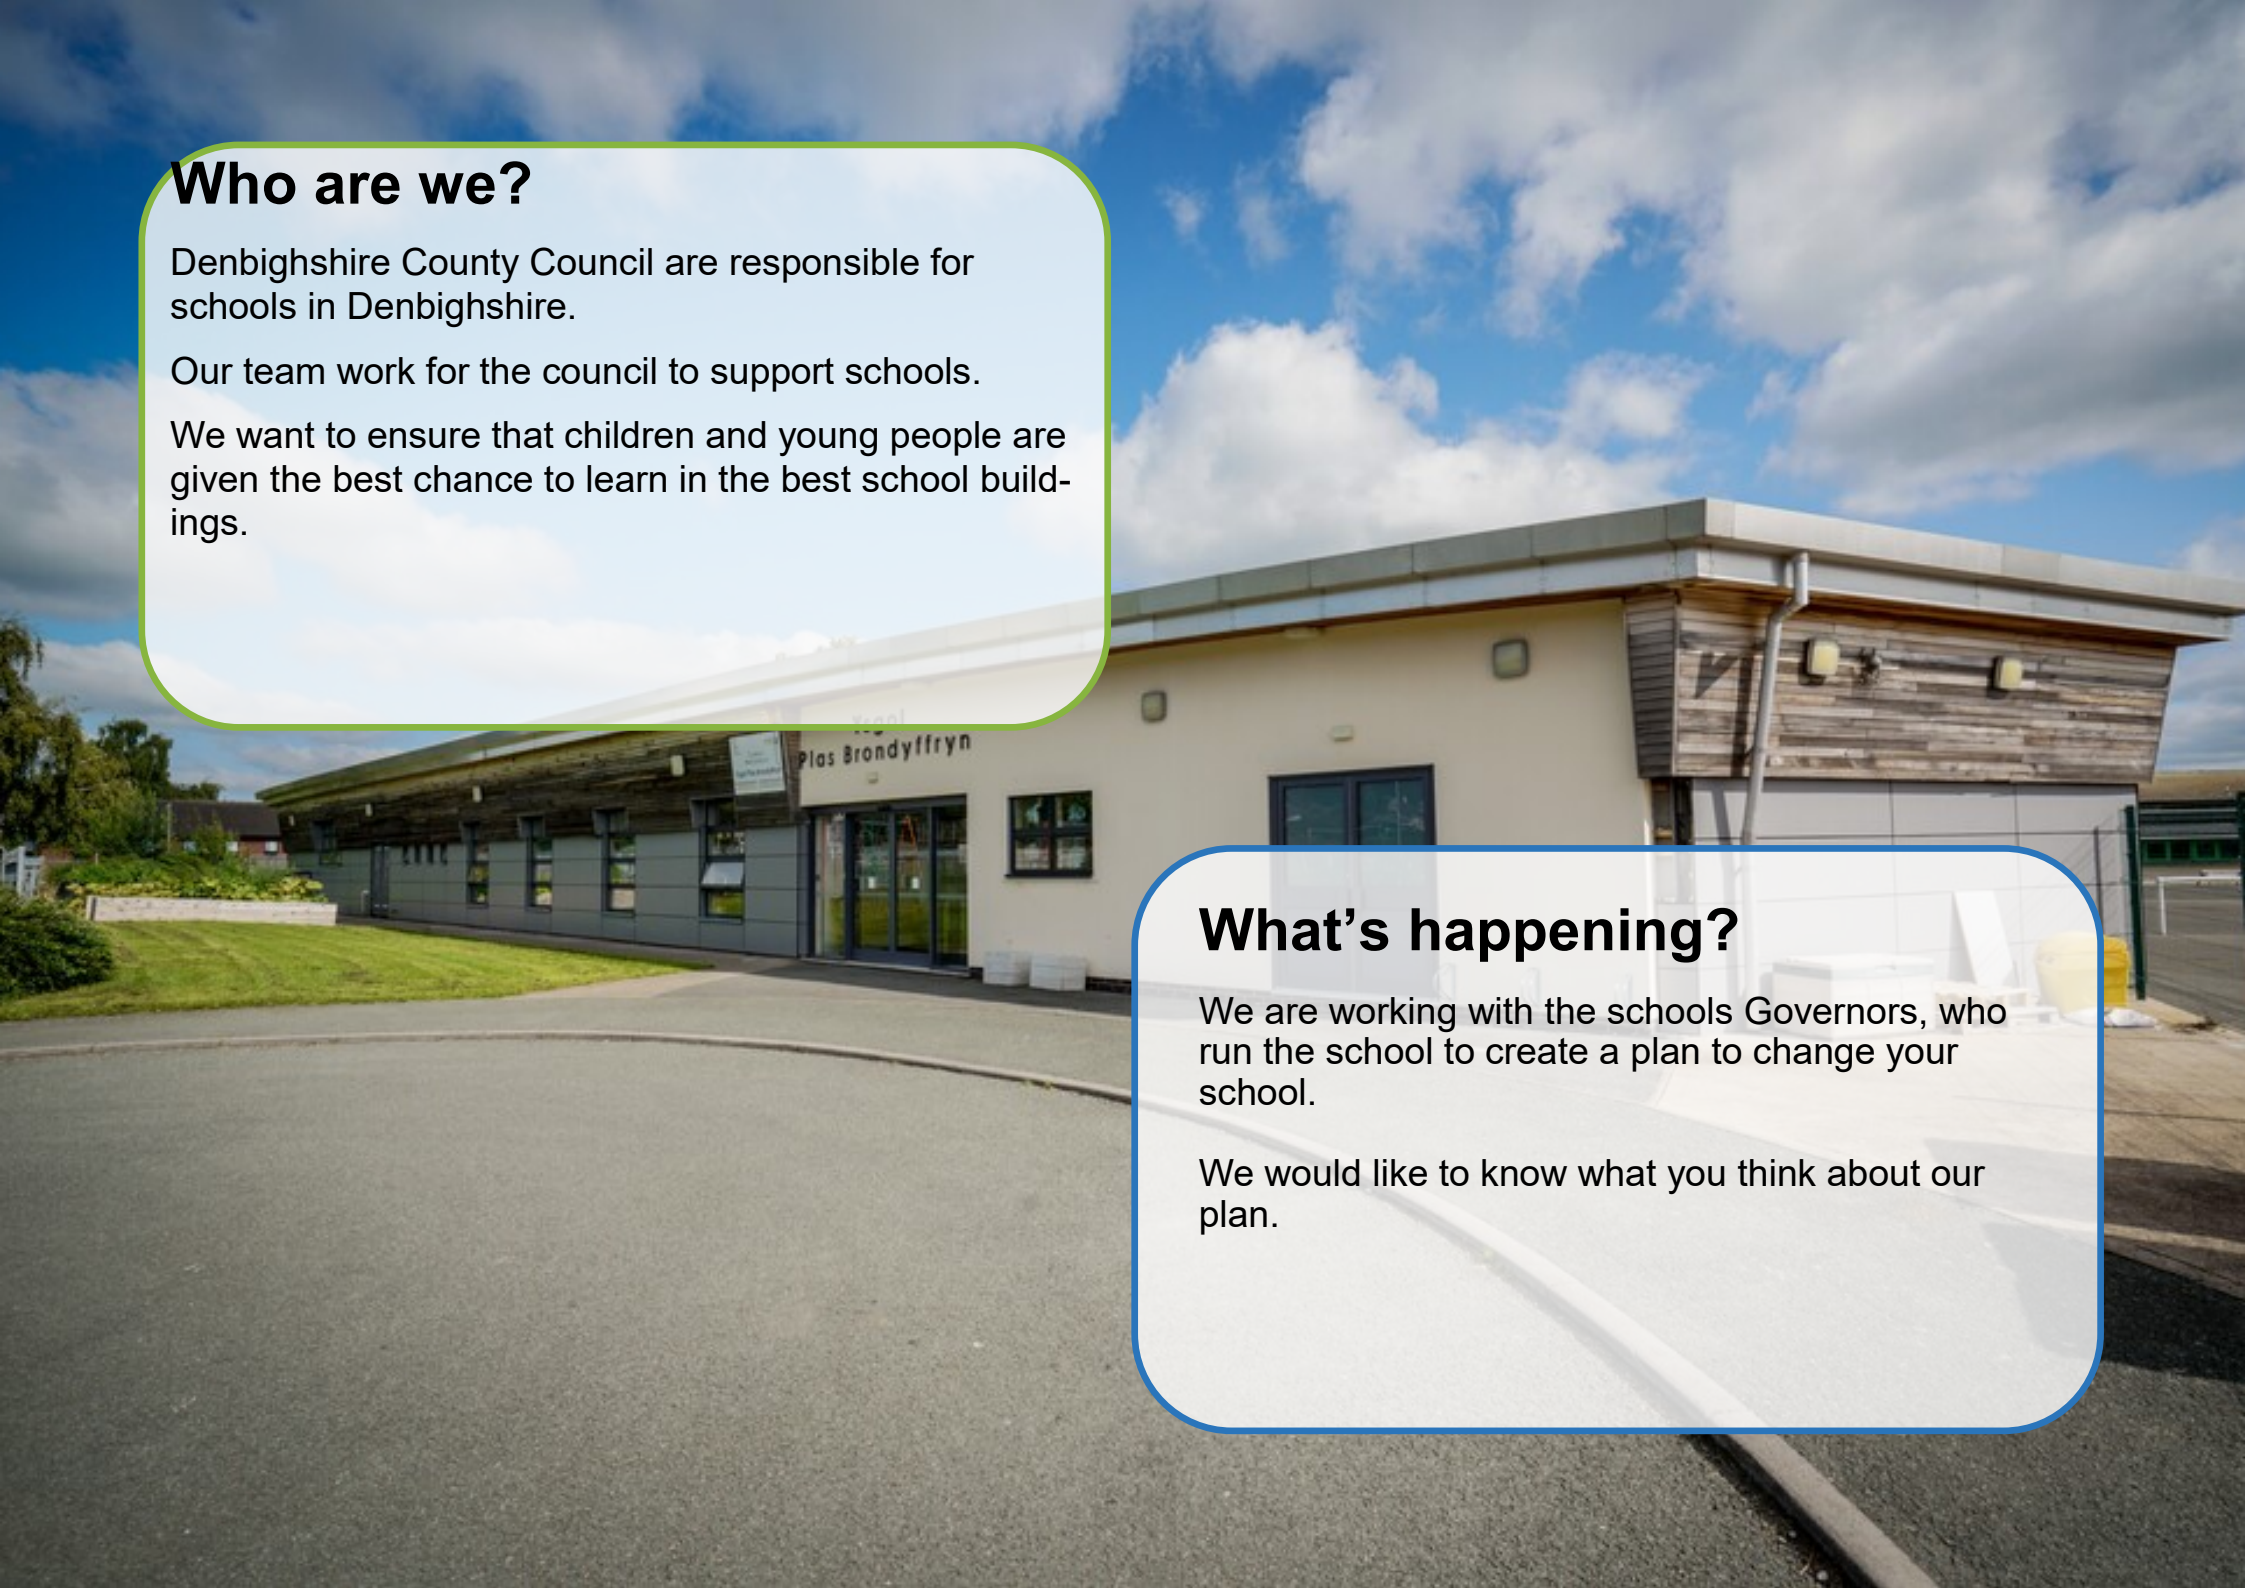

Our team work for the council to support schools.

We want to ensure that children and young people are given the best chance to learn in the best school buildings.

What's happening?

We are working with the schools Governors, who run the school to create a plan to change your school.

We would like to know what you think about our plan.

What is the plan?

We would like to be able to offer more places at your school so other pupils can attend.

To do this we want to bring all the pupils at Ysgol Plas Brondyffryn together in one new building in Denbigh.

What will change?

If the change is approved:-

Ysgol Plas Brondyffryn pupils would all be at the same site in a brand new school building.

There would also be more space in the new building so more pupils could attend the school.

Why are we asking you?

It is important that you let us know what you think and we want to ask you what you think about our plan.

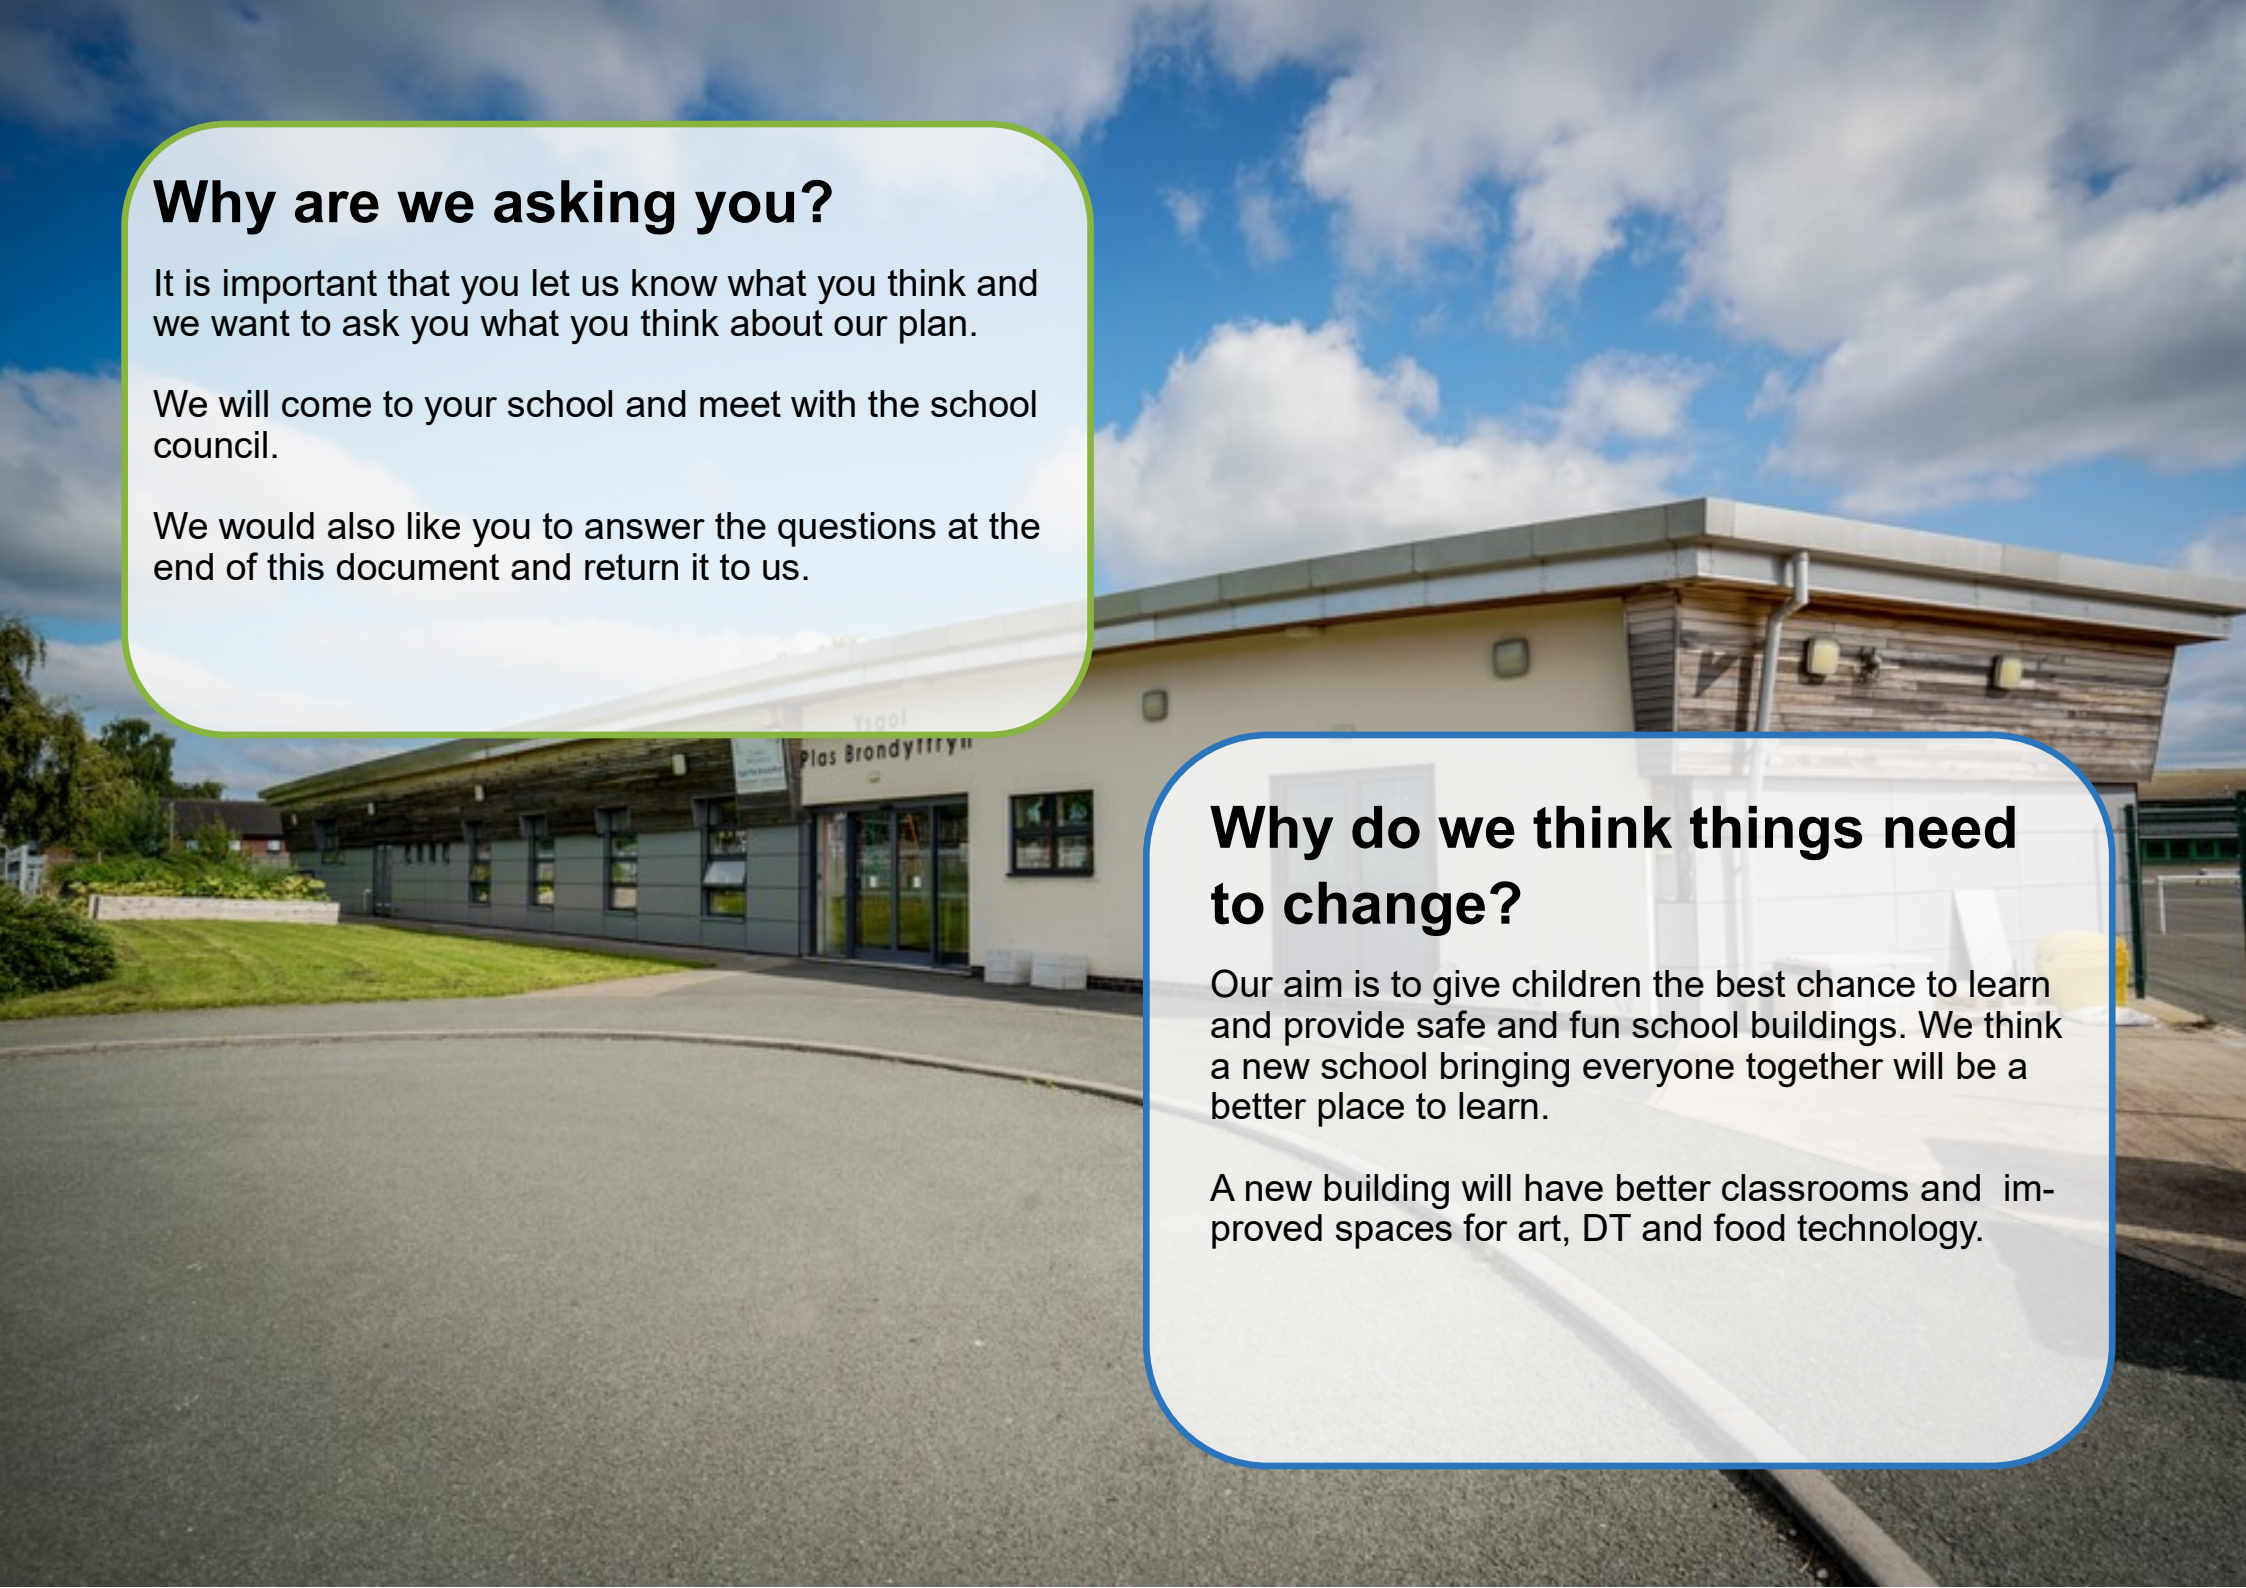

We will come to your school and meet with the school council.

We would also like you to answer the questions at the end of this document and return it to us.

Why do we think things need to change?

Our aim is to give children the best chance to learn and provide safe and fun school buildings. We think a new school bringing everyone together will be a better place to learn.

A new building will have better classrooms and improved spaces for art, DT and food technology.
